

Relamp Pole Changer

Use to relamp Delray vertical CFL downlights with twist lock sockets in difficult to reach places like stairwells, escalators, and sloped auditorium floors.

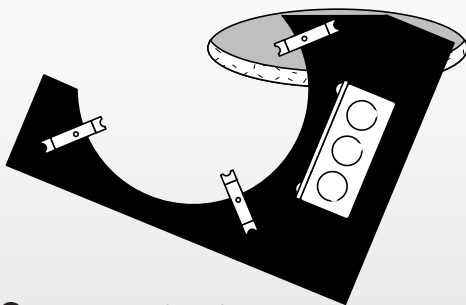

Works with all 18, 26, 32 and 42W triple tube lamps, from all manufacturers. Threaded base attaches to any standard relamp pole. *Telescopic pole supplied separately.*

Remodel Pans

To add fixtures to an existing ceiling, specify **RP** (Remodel Pan).

- 1 Use **RP** as a template to cut out the ceiling opening.

- 2 Route power to J-box and wire up.

- 3 Fold tabs down over cutout to secure pan in place.
